

COMPANY PROFILE

www.bluewaveib.com

When I launched Navy Group International in 1985 I was confident that the organization would be successful. My experience to that point indicated clearly that the marine surveying and environmental protection industry would support a company that demonstrated integrity and ethical behavior while offering professional services and products supported by high levels of technical expertise. Today, more than 30 years on, this vision has been proven correct over and over again.

I would like to take this opportunity of assuring you that the foundation stones of our business will never change and that we will continue to work closely with all our customers developing business solutions that drive you forward to success.

Elie G. Eid (1963-2021)
Late Former President

“We must free ourselves of the hope that the sea will ever rest. We must learn to sail in high winds”

- Aristotle Onassis

In the last 2 years we have strongly reflected on the true meaning of Onassis’s quote. Especially after the world has been rocked by the rapid spread of the COVID-19 virus. A virus that shaped the way we do business and the way we perceive our daily routine. The price to pay was huge for most of the industries worldwide. Our own share was the sad loss of our CEO Elias G. Eid who lost his battle with the Coronavirus at the age of 57. He left behind him a legacy that still guides our steps towards more achievements.

Despite the dire situation that the world economy has witnessed we at Blue Wave have managed to adapt to the rapid changes taking the time that the coronavirus has given us in order to rebrand and develop our new strategies and approaches. We have managed to increase our business by thirty percent since the demise of our CEO.

Blue wave has always set sail for new horizons with plans of expansion that go beyond Beirut. These plans will materialize by the end of 2021.

As a company we are proud of our Lebanese Heritage and European Greek roots and have always worked to reflect the two cultures through our diverse staff and partners.

We believe our team is the best in the business. Our people are Blue wave’s greatest asset and what makes us an industry leader.

We at Blue Wave do not deliver a service. We fulfill a promise.

We are thankful to be your trusted business partner and are dedicated to helping you keep your promises.

Georges Eid

General Manager

This is a time like no other in our lives. The COVID-19 virus continues to make our future more challenging. We have all been shaken by the virus. Losing our CEO and father in January 2021 was life changing experience that has left us with a great responsibility.

But despite the challenges we are facing every day, we acknowledge that this is also a time that is brings out the best in many people. Our staff at Blue Wave shipping has done a great job in keeping up our standards of work while operating under the most difficult situations from curfews to total lockdowns.

We are in the same position as many other companies. But despite all the challenges we have optimized our work strategy. We have recruited new team members, and managed to update our protocol and adjust to the New Covid-19 situation. This had made us more than ever ready to face the unforeseen challenges.

We are a second generation, family-owned company that has weathered good times and bad, ups and downs, and everything in-between. The corona virus is one of them.

We are all in this together. Our teams in the office/ home or in the field are always here to assist you, and we encourage you to reach out to us at any time. In the meantime, please stay safe and healthy, and thank you again for your trust.

With respect and gratitude,

Stephanie Eid

Chairman

The sad loss of our Chairman Mr. Elie Eid will not stop our holding group from completing our duties and fulfilling our liabilities and commitments, we ,as management team, will always be inspired by his thoughts and vision for a better future full of success and prosperity for all our companies and projects.

The vision of the founder of Navy Group International was to create a tremendous corporate body which contributes to implementing the development projects in the Middle East, Africa and European countries, and to gain confidence of all parties who work with us, and whom we work for, in order to implement our projects with the highest workmanship and professional standards and business ethics.

To achieve these principles, we are committed to fulfil our corporate responsibilities, including enhancing our awareness of and conformity with business standards , and aim to be a reliable and trustworthy company globally.

We believe that only superior quality control, effective safety methods and continuous development of our management profile and professional skills can bring about the desired results and our goal of customer satisfaction.

In conclusion, I extend my thanks to the governmental and the private sector owners of present and future projects, subcontractors, vendors, our partners, shareholders and members of the family of Navy Group International for being the biggest part of our success.

Sergio Eid

General Manager of Blue Wave Cyprus

ABOUT US

BLUE WAVE SHIPPING SARL

ABOUT US

Blue Wave was established in Beirut in 1978 by its now Chairman, Elie G. Eid. The organization, which is a member of the International Chamber of Navigation, is one of the largest and most experienced shipping agencies in the Middle East. We are in fact, one of the best shipping agents that are registered and licensed to operate in all Lebanese ports and terminals.

Over the years, we have become known for delivering services of the highest standard and have an excellent reputation in this regard.

ABOUT US

Our accumulated experience has made us experts in a wide range of vessel and cargo related services. In addition to operating our own vessels we offer tailor-made solutions in the following areas:

- All commercial, operational, and technical aspects of ship chartering and brokering, including both service provision and consultancy
- All aspects of ship management including crew provision and general husbandry issues
- In port vessel clearance
- Cargo management including loading and discharging, and freight forwarding and handling
- Diesel and bunker services
- Acting as Protecting Agents as required

Our hard-earned reputation has come about because of our commitment to customer service. With us the customer relationship is fundamental and we pledge to continue to provide exactly what you require at all times.

ABOUT US

MAIN ACTIVITIES

Ship owners, ship charters, crewing, tanker operations, ship managers, ship brokers, freight forwarding & handling, diesel & bunker supplies.

SHIP CHARTERING & BROKERING

All commercial, operational, and technical aspects of ship chartering and brokering, including both service provision and consultancy.

DIESEL & BUNKER SERVICES

We provide personalized diesel & bunkering services, constantly seeking to find the most optimum and cost effective solutions for you as we strive to meet every single one of your bunkering needs globally.

IN PORT VESSEL CLEARANCE

Plan and prepare the documents needed for port clearance and for sailing through controlled waters.

ABOUT US

CERTIFIED CONTRACTOR

Blue Wave is a member of the International Chamber of Navigation & is one of the leading shipping agents that are registered and licensed to operate in all Lebanese ports & terminals.

DEDICATED TEAM

Our professional team offers individual attention, with a progressive attitude and ability to cater to all of your shipping services.

ENGINEERING TEAM

Our professional staff and team coordinate with the appropriate local affiliates and entities required to complete the required job.

SAFETY GOLD STANDARD

We maintain the highest international standards of safety.

OUR SERVICES

BLUE WAVE SHIPPING SARL

PROJECT CARGO & GENERAL CARGO

We are able to arrange and co-ordinate Loading and Unloading of Project cargo and any General Cargo.

We provide bulk Storage facilities, aiding Transshipment Cargo handling. We can also provide our own Cargo Handling/Transportation units and Vessel Fabrication/Repair Services.

BUNKERING

We are one of the region's leading agents for bunkering calls, acting as agents for the leading bunker traders, assisting hundreds of vessels per year.

We will take care of all the necessary formalities with Authorities and Port Control and Co-ordinate with the suppliers to avoid any delays and ensure a timely and smooth operation.

SHIP CHARTERING

We have a long-term expertise in vessel chartering and brokerage. Our chartering personnel focus on safe, efficient, cost effective and timely service solutions in moving everything – for example, large volumes of steel, fertiliser, grain, coal and project cargoes, such as industrial plant process equipment and pipe shipments for the oil & gas, petrochemical and power generation industry.

OILTANKING TERMINAL

Cargoes handled include crude oil, fuel oil, feedstocks, gas oil, jet fuel, gasoline and components. Special services include blending, butanising, injection of additives, tank-to-tank transfers and ship-to-ship operations.

SHIP REGISTRATION

Another service we offer is Vessel Registration. The procedure for the registration of a ship is a well-defined and relatively clearly structured procedure.

Our team is well trained and experienced and can affect registration in due time whilst focusing on avoiding any delays or timely complications.

SHIP OWNING AND OPERATING

Blue Wave is managed by its technical experts, superintendents and procurement personnel in many countries. Blue Wave builds long-term business relationships with its partners and customers. As such, the company's clients can count on tailor-made shipping solutions, professionalism in ship management, an extensive knowledge base and its global presence to deliver a world-class service.

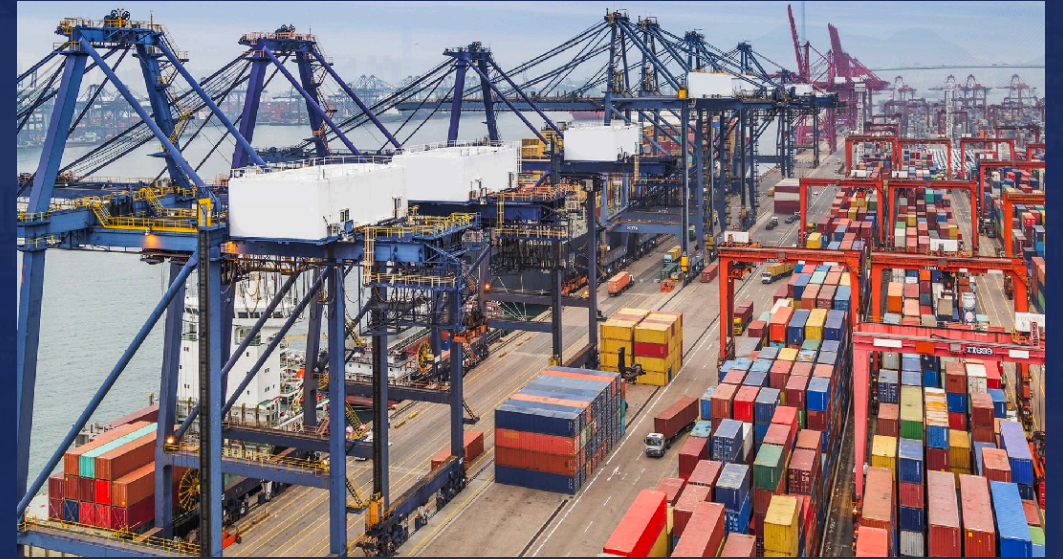

CREW CHANGES

We are able to arrange crew changes both in port and offshore. Thanks to our dedicated team we can ensure timely issuance of OKTBs/Visas for joiners and off-signers and relative clearance.

We also organize transfers between the vessel, hotels and airport and can guarantee competitive rates for both service launches and hotel accommodation.

CONTAINER IMPORT/EXPORT

With more than 38 years of experience in Agency activities, we can offer a high level of service with the best prices on the market for container forwarding.

We specialize in imports of Containers from all the Ports of Lebanon. We also work to and from the Middle East.

OFFSHORE SERVICES

As agents, we can provide various offshore conveyance services which include:

- Bunkers and Fresh Water Supplies
- Delivery of Ship Spare Parts, Stores and Provisions
- Delivery of Cash To Master
- Garbage Disposal
- General Ship Repairs
- Crew Changes
- Underwater Cleaning and Video Surveys
- Emergency Medical Attendance

We can arrange efficient launch boat services for any of the above listed offshore calls and others required.

HEALTH, SAFETY, SECURITY & ENVIRONMENT

BLUE WAVE SHIPPING SARL

HEALTH, SAFETY, SECURITY & ENVIRONMENT

Blue Wave's health, safety, security and environmental policies have been framed by in-house, experienced, qualified specialists to ensure that movement of clients' goods is managed without damage to the environment; without hazard to personnel and without risk to the cargo.

Our Targets are...

- Zero major incidents
- To fulfill all relevant national and international legislative requirements
- Not to damage and, where possible, to improve the environment
- To encourage the development of a safety culture amongst the personnel and contractors
- Safety of goods in transit by compliances
- To provide training to our personnel and, where appropriate, our contractors.
